About Prayag

Over the last 36 years Prayag has become a part of millions of families, touching their life, everyday, every moment.

With a vision to Manufacture products with innovative cutting edge technology, Prayag has always delivered meticulously crafted flawless components to its customers. All these years it's been a journey of dedication and determination, accomplishments and achievements.

Today Prayag offers a wide array of sanitaryware, plumbing and hardware solutions for domestic and commercial application, including Chrome Plated Bathware, P.T.M.T. Bath Assets, Sanitaryware, Kitchen Sinks, Plumbing Pipes, Hardware and Geysers.

What is P.T.M.T. SYMET ?

"Bend me, shape me, anyway you want me" are the words of an old love song, but today they fit perfectly for an organic composition called plastics. One of the most versatile material in our modern world today.

Plastic technology has gone through a radical transformation over the last few decades. Today it has become a part of those products and components which were unheard of, a few years back.

In the year 1986 after extensive research and development, Prayag became the pioneers to introduce P.T.M.T. (or Polytetra Methylene Terephthalate), a revolutionary material best described as a next generation engineering Plastic for manufacturing faucets and other bathroom fittings. The results were amazing and an eye opener for the industry.

Since its introduction Prayag has diligently worked on many aspects of its various product attributes, to improve upon the quality of these ensembles, in terms of their finish, aesthetics, durability and performance standards. Today it is one of the finest product available in the market, with millions of satisfied users.

How is Prayag P.T.M.T. SYMET manufactured ?

It took years of extensive research, experience and expertise to develop a product that you see today. Many technological innovations, practical application modifications and contemporary aesthetic requirements led to continuous upgradation of the range, so that they are perfect for the modern day requirements.

And to meet those standards, you need a top quality manufacturing base. No wonder, Prayag P.T.M.T. SYMET bath fittings are produced in one of the most modern manufacturing facility of the country. Using top quality raw material and the state-of-the-art sophisticated fully automated machines, the products come out of our manufacturing facility with a promise to perform flawlessly for years.

Why Prayag P.T.M.T. SYMET bath fittings ?

Prayag P.T.M.T. SYMET is a fusion of toughness, temperature & stress resistance of metal and light weight, atmospheric immunity and cost effectiveness of plastics.

Prayag P.T.M.T. SYMET has a host of advantages over their metal or plastic counterparts

Zero Drop Advantage

It's high time that we start respect water and save every drop of it from wastage. In-fact there is an extreme shortage of potable water around the globe. That's why Prayag P.T.M.T. SYMET faucets have been uniquely designed with a Zero Drop feature that means that its dripless faucets do not let even a single drop of precious water from getting wasted, once they are closed.
